KARPAGAM UNIVERSITY
Karpagam University is established under section 3 of UGC Act 1956, of the University Grants Commission, New Delhi, by the Ministry of Human Resource Development of India, New Delhi. Blending of Quality Education, Industry and Heritage is the main focus of this University, which is taking a number of steps to promote Higher Education and Research in this region. There are altogether 29 departments and 79 programs in the University. Extensive Ph.D. programs, the Karpagam University - Industry Partnership, the Entrepreneur Development Cell, Adhyaya, the Counseling Cell and the Innovation Incubator are some of the special features of this University.

Karpagam University is organizing the 4th Karpagam University Annual Research Congress -2012 in Arts, Humanities, Education, Science, Pharmacy, Engineering and Technology during November 29-30, 2012 at the University premises. KUARC -2012 is a multi-disciplinary conference involving all the Ph.D. (FT/PT) Research Scholars of Karpagam University making a presentation of their academic research achievements before an audience of their peers and the faculty. The participants of KUARC -2012 may make oral presentations of their research papers on traditional academic-conference-style panels.

As it is a part of their curriculum, it is mandatory for all the Ph.D. (FT/PT) Research scholars (up to the July 2011 batch) to participate in the KUARC-2012 without fail.

The objectives of the KUARC-2012 are:
1. To provide a platform for the Research Scholars of Karpagam University, belonging to various fields of research, to exchange their thoughts and views and to share their experience, knowledge and expertise on issues relating to Arts, Humanities, Education, Science, Pharmacy, Engineering and Technology.
2. To foster greater academic interactions among academicians, researchers and professionals, which will enhance the production of quality research and development.
3. To act as a catalyst for an excellent academic culture, thereby encouraging the academicians to be aggressively involved in educational and research activities.

In short, the research work that the research scholars have done and that they want to share with others will make up the KUARC-2012. The KUARC-2012 is thus designed to give scholars a chance to share their work, in whatever form it is, and to benefit from exchanging their ideas with other scholars, who have the courage to share their own less-than-perfect projects.

There are many reasons for the scholars to present their work at KUARC-2012. First, it is a great opportunity to share with others the kinds of things that they have been working on and thinking about. Second, they are likely to get some constructive suggestions and ideas from others to enhance their own work. Third, it is a resume builder. Making a presentation at a conference tells future employers and educational institutions that the scholars have taken learning seriously and have begun to master a particular domain.

Call for Abstracts:
All the research scholars of Karpagam University are invited to send the extended abstracts (Title, Introduction, Aims and Objectives, Materials and Methods, Result and Discussion, Conclusion- Model enclosed) of their research work, not exceeding two pages (MS word 2000, double - spaced, Times New Roman, Font size 12), to reach us on or before 15.11.2012 by e-mail to kuresearchcongress@gmail.com. The name of the paper presenter must be in bold letters. All correspondence will be done only through electronic mode. Abstracts received after the last date will not be included in the Proceedings.

Attending the Research Congress is compulsory. If the Ph.D. Scholars do not attend the Congress, their Ph.D. Registration will be cancelled.
Venue:
The Congress will be held at Karpagam University, Echanaari-Post, Pollachi Main Road, Coimbatore - 641 021, which is about 10 km. from Coimbatore Railway Station, on the Coimbatore-Pollachi Main Road.
